

The Wu Xing

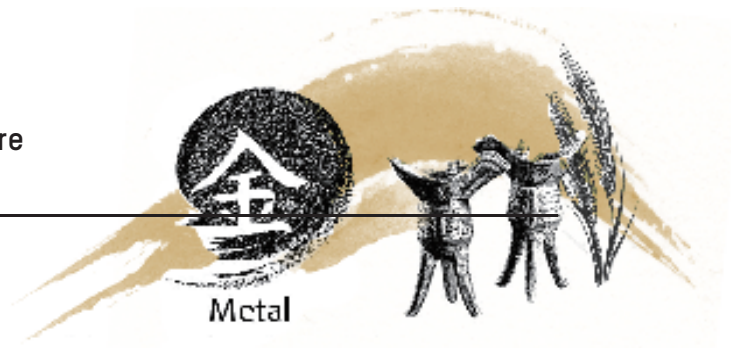

The Wu Xing – originally a moral theory. Many traditional Chinese fields use it to explain a wide array of phenomena, from cosmic cycles to the interaction between internal organs, and from the succession of political regimes to the properties of medicinal drugs. The Five basic elements are earth, wood, metal, fire and water.

五行

最初本指道德理论。在中国许多传统领域都用它来解释各种各样的现象，从宇宙周期到内部器官之间的相互作用，从政治制度的继承到药物的性质。五行元素即是金、木、水、火以及土。
